Hospitalization

counts include anyone who was hospitalized at some point during their illness. It does not reflect the number of people currently hospitalized.

Other race

includes any person with a race of American Indian/Alaskan native, Asian, native Hawaiian/Pacific Islander, or other.

# COVID-19: summary for Florida

Data through Feb 20, 2021 verified as of Feb 21, 2021 at 09:25 AM

Data in this report are provisional and subject to change.

**Laboratory testing for Florida residents over the past 2 weeks**

Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who have previously tested positive are excluded.

**Percent positivity for new cases in Florida residents**

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

## Emergency department (ED) and freestanding ED (FSED) chief complaint and admission data for County

The Electronic Surveillance System for the Early Notification of Community-Based Epidemics (ESSENCE-FL) includes chief complaint data from 211 of 211 Florida EDs and 88 of 89 Florida FSEDs. Data are transmitted electronically to ESSENCE-FL daily or hourly.

Hospitalization

 counts include anyone who was hospitalized at some point during their illness. It does not reflect the number of people currently hospitalized.  

Other race

 includes any person with a race of American Indian/Alaskan native, Asian, native Hawaiian/Pacific Islander, or other.

# COVID-19: summary for Bradford County

Data through Feb 20, 2021 verified as of Feb 21, 2021 at 09:25 AM

Data in this report are provisional and subject to change.

## Laboratory testing for Florida residents over the past 2 weeks

### Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who have previously tested positive are excluded.

### Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

## Emergency department (ED) and freestanding ED (FSED) chief complaint and admission data for Bradford County

### Daily percent of ED visits mentioning cough, fever, or shortness of breath

### Weekly count of ED and FSED visits for influenza-like illness

### Daily percent of ED visits resulting in cough-associated admissions

### Weekly count of ED and FSED visits for COVID-like illness

The Electronic Surveillance System for the Early Notification of Community-Based Epidemics (ESSENCE-FL) includes chief complaint data from 211 of 211 Florida EDs and 88 of 89 Florida FSEDs. Data are transmitted electronically to ESSENCE-FL daily or hourly.

Hospitalization

 counts include anyone who was hospitalized at some point during their illness. It does not reflect the number of people currently hospitalized.  

Other race

 includes any person with a race of American Indian/Alaskan native, Asian, native Hawaiian/Pacific Islander, or other.

# COVID-19: summary for Flagler County

Data through Feb 20, 2021 verified as of Feb 21, 2021 at 09:25 AM

Data in this report are provisional and subject to change.

## Laboratory testing for Florida residents over the past 2 weeks

### Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who have previously tested positive are excluded.

### Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

## Emergency department (ED) and freestanding ED (FSED) chief complaint and admission data for Flagler County

### Daily percent of ED visits mentioning cough, fever, or shortness of breath

### Weekly count of ED and FSED visits for influenza-like illness

### Daily percent of ED visits resulting in cough-associated admissions

### Weekly count of ED and FSED visits for COVID-like illness

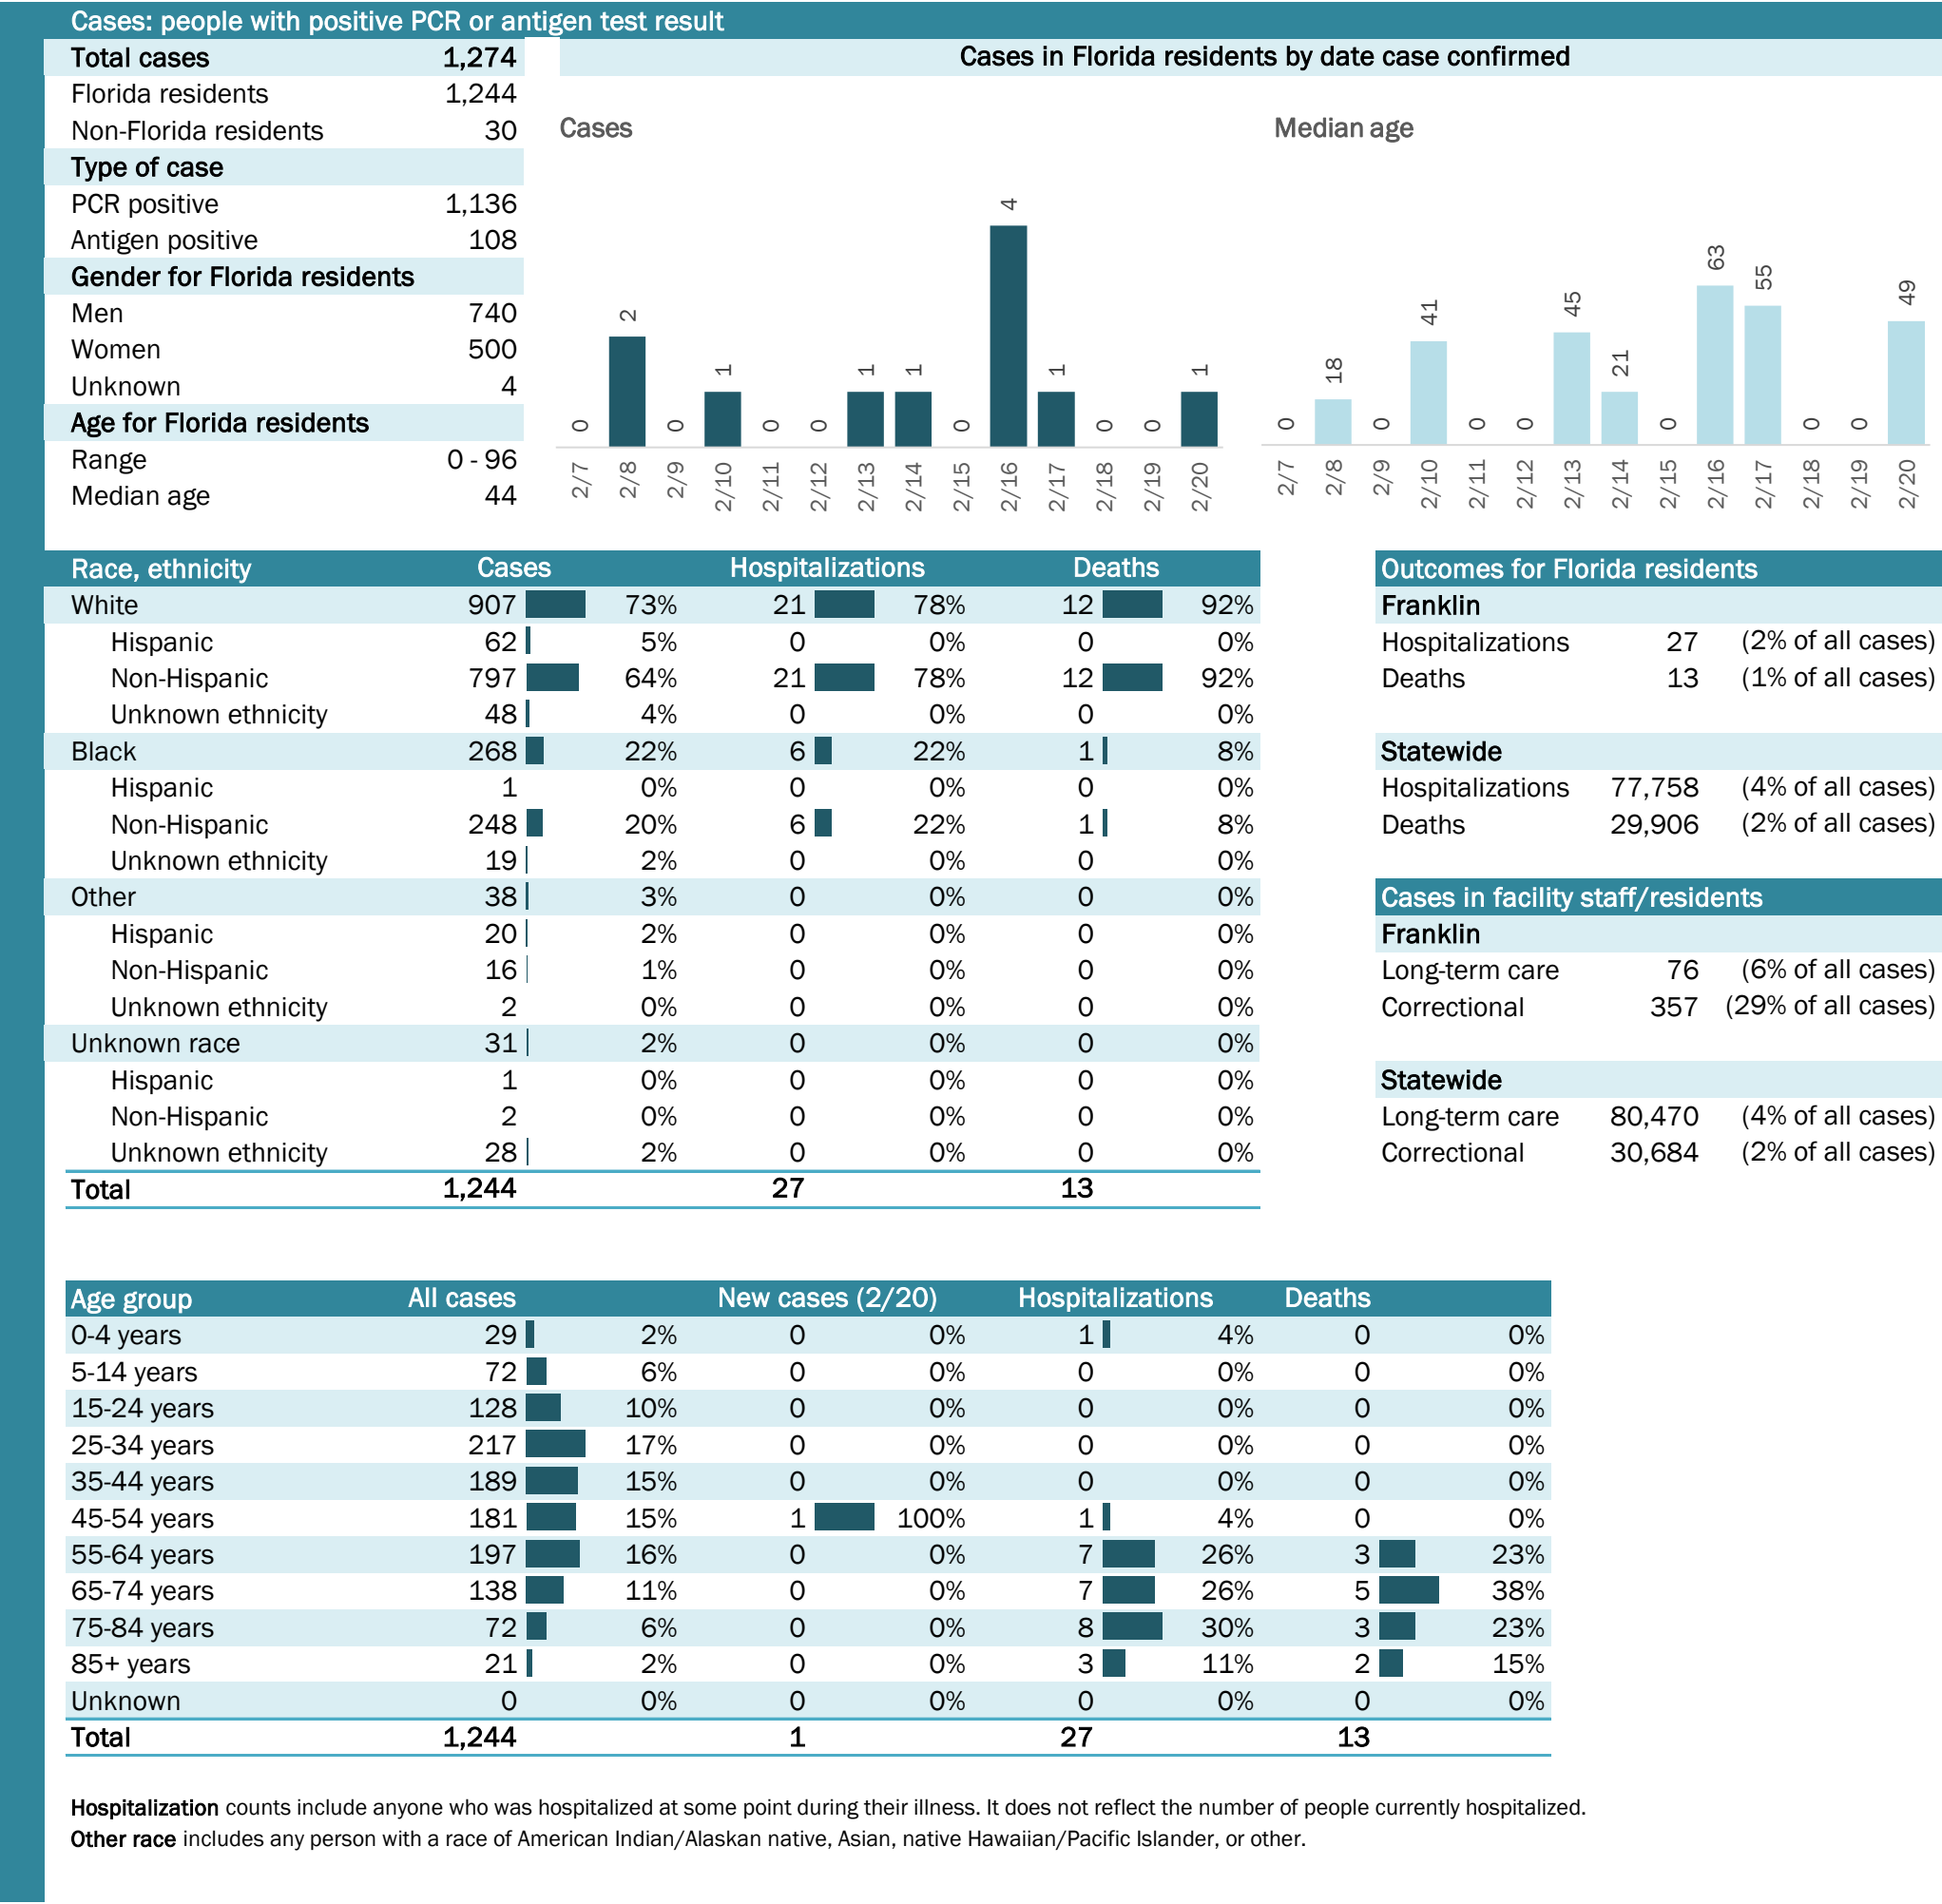

The Electronic Surveillance System for the Early Notification of Community-Based Epidemics (ESSENCE-FL) includes chief complaint data from 211 of 211 Florida EDs and 88 of 89 Florida FSEDs. Data are transmitted electronically to ESSENCE-FL daily or hourly.

# COVID-19: summary for Hamilton County

Data through Feb 20, 2021 verified as of Feb 21, 2021 at 09:25 AM

Data in this report are provisional and subject to change.

## Laboratory testing for Florida residents over the past 2 weeks

### Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who have previously tested positive are excluded.

### Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

## Emergency department (ED) and freestanding ED (FSED) chief complaint and admission data for Hamilton County

### Daily percent of ED visits mentioning cough, fever, or shortness of breath

### Weekly count of ED and FSED visits for influenza-like illness

### Daily percent of ED visits resulting in cough-associated admissions

### Weekly count of ED and FSED visits for COVID-like illness

The Electronic Surveillance System for the Early Notification of Community-Based Epidemics (ESSENCE-FL) includes chief complaint data from 211 of 211 Florida EDs and 88 of 89 Florida FSEDs. Data are transmitted electronically to ESSENCE-FL daily or hourly.

# COVID-19: summary for Hillsborough County

Data through Feb 20, 2021 verified as of Feb 21, 2021 at 09:25 AM

Data in this report are provisional and subject to change.

## Laboratory testing for Florida residents over the past 2 weeks

### Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who have previously tested positive are excluded.

### Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

## Emergency department (ED) and freestanding ED (FSED) chief complaint and admission data for Hillsborough County

### Daily percent of ED visits mentioning cough, fever, or shortness of breath

# COVID-19: summary for Lake County

Data through Feb 20, 2021 verified as of Feb 21, 2021 at 09:25 AM

Data in this report are provisional and subject to change.

## Laboratory testing for Florida residents over the past 2 weeks

Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who have previously tested positive are excluded.

Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

## Emergency department (ED) and freestanding ED (FSED) chief complaint and admission data for Lake County

The Electronic Surveillance System for the Early Notification of Community-Based Epidemics (ESSENCE-FL) includes chief complaint data from 211 of 211 Florida EDs and 88 of 89 Florida FSEDs. Data are transmitted electronically to ESSENCE-FL daily or hourly.

Data through Feb 20, 2021 verified as of Feb 21, 2021 at 09:25 AM

Data in this report are provisional and subject to change.

## Laboratory testing for Florida residents over the past 2 weeks

### Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who have previously tested positive are excluded.

### Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

## Emergency department (ED) and freestanding ED (FSED) chief complaint and admission data for Manatee County

### Daily percent of ED visits mentioning cough, fever, or shortness of breath

### Weekly count of ED and FSED visits for influenza-like illness

### Daily percent of ED visits resulting in cough-associated admissions

### Weekly count of ED and FSED visits for COVID-like illness

The Electronic Surveillance System for the Early Notification of Community-Based Epidemics (ESSENCE-FL) includes chief complaint data from 211 of 211 Florida EDs and 88 of 89 Florida FSEDs. Data are transmitted electronically to ESSENCE-FL daily or hourly.

Hospitalization counts include anyone who was hospitalized at some point during their illness. It does not reflect the number of people currently hospitalized.

Other race includes any person with a race of American Indian/Alaskan native, Asian, native Hawaiian/Pacific Islander, or other.

# COVID-19: summary for Okeechobee County

Data through Feb 20, 2021 verified as of Feb 21, 2021 at 09:25 AM

Data in this report are provisional and subject to change.

## Laboratory testing for Florida residents over the past 2 weeks

### Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who have previously tested positive are excluded.

### Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

## Emergency department (ED) and freestanding ED (FSED) chief complaint and admission data for Okeechobee County

The Electronic Surveillance System for the Early Notification of Community-Based Epidemics (ESSENCE-FL) includes chief complaint data from 211 of 211 Florida EDs and 88 of 89 Florida FSEDs. Data are transmitted electronically to ESSENCE-FL daily or hourly.

**Hospitalization** counts include anyone who was hospitalized at some point during their illness. It does not reflect the number of people currently hospitalized.  
**Other race** includes any person with a race of American Indian/Alaskan native, Asian, native Hawaiian/Pacific Islander, or other.

# COVID-19: summary for Pasco County

Data through Feb 20, 2021 verified as of Feb 21, 2021 at 09:25 AM

Data in this report are provisional and subject to change.

## Laboratory testing for Florida residents over the past 2 weeks

### Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who have previously tested positive are excluded.

### Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

## Emergency department (ED) and freestanding ED (FSED) chief complaint and admission data for Pasco County

### Daily percent of ED visits mentioning cough, fever, or shortness of breath

### Weekly count of ED and FSED visits for influenza-like illness

### Daily percent of ED visits resulting in cough-associated admissions

### Weekly count of ED and FSED visits for COVID-like illness

The Electronic Surveillance System for the Early Notification of Community-Based Epidemics (ESSENCE-FL) includes chief complaint data from 211 of 211 Florida EDs and 88 of 89 Florida FSEDs. Data are transmitted electronically to ESSENCE-FL daily or hourly.

Data through Feb 20, 2021 verified as of Feb 21, 2021 at 09:25 AM

Data in this report are provisional and subject to change.

## Laboratory testing for Florida residents over the past 2 weeks

### Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who have previously tested positive are excluded.

### Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

## Emergency department (ED) and freestanding ED (FSED) chief complaint and admission data for Santa Rosa County

### Daily percent of ED visits mentioning cough, fever, or shortness of breath

### Weekly count of ED and FSED visits for influenza-like illness

### Daily percent of ED visits resulting in cough-associated admissions

### Weekly count of ED and FSED visits for COVID-like illness

The Electronic Surveillance System for the Early Notification of Community-Based Epidemics (ESSENCE-FL) includes chief complaint data from 211 of 211 Florida EDs and 88 of 89 Florida FSEDs. Data are transmitted electronically to ESSENCE-FL daily or hourly.

Hospitalization counts include anyone who was hospitalized at some point during their illness. It does not reflect the number of people currently hospitalized.

Other race includes any person with a race of American Indian/Alaskan native, Asian, native Hawaiian/Pacific Islander, or other.

# COVID-19: summary for St. Lucie County

Data through Feb 20, 2021 verified as of Feb 21, 2021 at 09:25 AM

Data in this report are provisional and subject to change.

## Laboratory testing for Florida residents over the past 2 weeks

### Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who have previously tested positive are excluded.

### Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

## Emergency department (ED) and freestanding ED (FSED) chief complaint and admission data for St. Lucie County

Daily percent of ED visits mentioning  
cough, fever, or shortness of breath

Weekly count of ED and FSED visits for  
influenza-like illness

Daily percent of ED visits resulting in  
cough-associated admissions

Weekly count of ED and FSED visits for  
COVID-like illness

The Electronic Surveillance System for the Early Notification of Community-Based Epidemics (ESSENCE-FL) includes chief complaint data from 211 of 211 Florida EDs and 88 of 89 Florida FSEDs. Data are transmitted electronically to ESSENCE-FL daily or hourly.

**Hospitalization** counts include anyone who was hospitalized at some point during their illness. It does not reflect the number of people currently hospitalized.

**Other race** includes any person with a race of American Indian/Alaskan native, Asian, native Hawaiian/Pacific Islander, or other.

# COVID-19: summary for Walton County

Data through Feb 20, 2021 verified as of Feb 21, 2021 at 09:25 AM

Data in this report are provisional and subject to change.

## Laboratory testing for Florida residents over the past 2 weeks

### Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who have previously tested positive are excluded.

### Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

## Emergency department (ED) and freestanding ED (FSED) chief complaint and admission data for Walton County

### Daily percent of ED visits mentioning cough, fever, or shortness of breath

### Weekly count of ED and FSED visits for influenza-like illness

### Daily percent of ED visits resulting in cough-associated admissions

### Weekly count of ED and FSED visits for COVID-like illness

The Electronic Surveillance System for the Early Notification of Community-Based Epidemics (ESSENCE-FL) includes chief complaint data from 211 of 211 Florida EDs and 88 of 89 Florida FSEDs. Data are transmitted electronically to ESSENCE-FL daily or hourly.
